

ANIMATOR / INTERNSHIP AT THE CLT YOUTH ACADEMY

We are recruiting

The Youth Academy of the Centre for Living Languages is recruiting animators for its language camps during the summer holidays. If you are younger than 20 years old, you can also do an internship.

During the summer holidays, children and young people come to the CLT Youth Academy to learn French or English in a playful way. Our working method mainly aims to develop a positive attitude towards language (French or English) in the children. The focus is on a positive and fun experience with English or French and not on learning outcomes. The animators speak the target language, immersing giving the children in the chosen language.

In the morning, the children and youngsters participate in activities aimed at learning the new language (singing, dialogues, rhymes, crafts, learning vocabulary and key phrases focused on a certain theme, etc.). In the afternoon, all ages come together in all kinds of sports and games, where the language of communication is still English or French.

Do you have a good knowledge of English or French and do you enjoy working with children?

Become an animator at the CLT Youth Academy!

We are looking for students (20 years or older) or recent graduates with a (very) good knowledge of English or French (mother tongue, through study or experience in a French or English-speaking country). Being creative and having experience working with children is definitely a plus. You can rely on a database of activities, but you will also be asked to design activities yourself (independently or in team). Independence and team player mentality are therefore required.

We prefer to recruit animators who want to commit themselves for several periods, but that is not a necessity. It is of course best to take the children in tow all day, but you can also apply for the morning (9 am-12) or afternoon (12 pm-5 pm).

Volunteers are paid the job student wage.
