LEVEL TEST

Do you want to learn a language at CLT but you are not a beginner? Take the online level test! This test will give you an indication of your proficiency level and its result can be used to register for a higher (non-beginner's) language course.

Note that

If you have a CVO language certificate

Go to our
secretary's office

If you choose level 1

register immediately online
or at our secretary's office

Note that:

- If you **have a** language **certificate issued by another CVO**, you do not have to take the level test. **In this case, go to our secretary's office on campus Leuven.**
- Make sure to bring your certificate **with you!** If you choose the beginner's level, you can register immediately online or **in our secretary's office.**

What do you need for the test?

The test

- Good speakers or headphones
- Listening and reading skills + grammar knowledge
- 1 hour

Note that

It is a level test and not a certificate exam

- Make sure you have good speakers or headphones and, of course, a good internet connection.
- **The test will evaluate** your listening and reading skills as well as your **grammar** knowledge. The test can take up to an hour and you can only take it once.
- It ends automatically when you fail 2 **questions series** in a row.
- **It goes without saying that in order to determine your language proficiency level accurately, we expect you** to take the test in a fair manner.

How to access the test

Access to the test

The screenshot shows the 'Our languages' section of the CLT website. It lists various languages with their respective course levels and test options. A hand cursor is shown clicking on the 'TEST' button for the French course. A magnified view of the French course schedule is shown on the right, highlighting the 'REGISTER' button.
